

Customer Service Advisor (m/f/d)

Working as part of a small team and reporting to our Customer Service Supervisor in Telford you will deliver first class professional customer service, using a range of communication methods to ensure customer enquiries, payments and complaints are resolved promptly and effectively. You will be scheduling appointments for Warranty call outs, Commissioning, Assembly and Repairs, and assessing and resolving customer queries.

Your Impact:

- Schedule appointments for Warranty call outs, commissioning, assembly and repairs
- Raise Orders and Invoice reconciliation
- Ensuring all telephone calls are answered within a set time frame, dealing with telephone requests from our network of customers
- Respond to written enquiries and complaints in a professional and timely manner
- Be an enthusiastic advocate for Viessmann products and brand, using product knowledge to build relationships that enhance customer experience and loyalty
- Accurately record customer data in accordance with legal requirements under the Data Protection Act

Who you are:

- Experience working in an environment where customer service is paramount
- Excellent understanding of customer service principles and practices
- An excellent telephone manner, with a high attention to detail, a problem solving right first time approach
- A self-starter and disciplined lone worker yet able to work well as part of a team, supporting colleagues and promoting excellent team spirit
- Confident in dealing with email/written queries
- A natural listener and problem solver who is both empathetic and patient
- High level of patience and empathy, remaining calm when dealing with emotional, difficult or distressed customers
- Ability to manage escalations and handle difficult customer situations
- A proactive approach to building relationship internally & externally
- Proficient in using customer service software and CRM systems
- Ability to multitask and work in a fast-paced environment
- Flexible and adaptable to changing priorities and customer demands
- Quick and accurate keyboard skills and experience of using databases
- IT literate in a range of Microsoft and Google applications
